HDMI Splitters

Allows to simultaneously play the same HD component (Blu-ray Player, Satellite Receiver...) on 4 or 8 flat screen TVs or video-projectors.

Compliant: HDMI 1.3 / Full HD 1080p / 12bit DEEP color / HDCP

No more loss of picture quality due to your installation with TV repeaters:

- Connect up to 8 screens to the same splitter box
- Easily compare the picture quality between all displays: perfect for in-store screen wall
- Increase the number of outputs using cascading connections (up to 3 levels)

1 HDMI input
4 HDMI outputs

Automatic amplification and synchronization

Gold plated connections

ref : 6995

Dimensions :
270 x 180 x 40 mm
Power supply included

1 HDMI input
8 HDMI outputs

Automatic amplification and synchronization

Gold plated connections

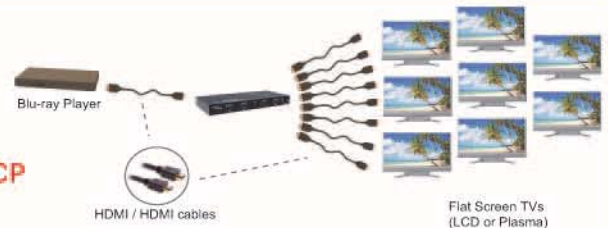

ref : 6996

Dimensions :
440 x 200 x 45 mm
Power supply included

Compact HDMI Splitters

Allows to simultaneously play the same HD component (Blu-ray Player, Satellite Receiver...) on 4 or 8 flat screen TVs or video-projectors.

Compliant: HDMI 1.3 / Full HD 1080p / 12bit DEEP color / HDCP

No more loss of picture quality due to your installation with TV repeaters:

- Connect up to 8 screens to the same splitter box
- Easily compare the picture quality between all displays: perfect for in-store screen wall
- Increase the number of outputs using cascading connections (up to 3 levels)
- These compact devices fit easily under display podiums

1 HDMI input Dimensions :
2 HDMI outputs 84 x 45 x 15 mm
Gold plated connections
Auto amplification and synchronization

ref : 7970

Power supply included

1 HDMI input Dimensions :
4 HDMI outputs 102 x 141 x 38 mm
Auto amplification and synchronization

ref : 7968

Power supply included

1 HDMI input Dimensions :
8 HDMI outputs 240 x 103 x 24 mm
Auto amplification and synchronization

ref : 7969

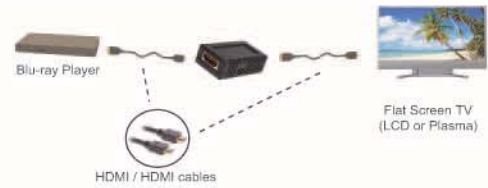

Power supply included

HDMI Amplifier

Allows to extend an HDMI connection over 10 meters maintaining the digital signal to the max.

Compliant: HDMI 1.3 / Full HD 1080p / 12bit DEEP color / HDCP

No more picture quality loss due to your long distance HDMI connections:

- Enlarge your in-store screen wall by plugging this device before HDMI splitters
- Auto-powered
- Ultra compact: 50 x 28 x 18 mm

1 HDMI input
1 HDMI output

ref : 7962

DVI Splitter

Allows to simultaneously play the same computer source (Mac, Pc, Laptop...) on 2 LCD monitors or video-projectors.

Compliant: Pc and Mac

No more need for a CPU for each display monitor:

- Play the same source on 2 monitors showing the Full HD 1080p resolution
- Easily compare the picture quality between different models of LCD monitors
- Increase the number of outputs using cascading connections (up to 3 levels)

1 DVI input
2 DVI outputs

ref : 7954

Power supply included

SCART to YUV Converter

Allows to play an analogue video source (SCART) on a flat screen TV equipped with a 3 RCA (YUV) input.

Do not worry about compatibility issues:

- Adapt SCART components to your flat TV screen inputs
- Ensure the restitution of 576p picture resolution

Input : 1 SCART

Output : 3 RCA (YUV)

3 RCA (YUV) Male / Male cable - 1.20 m

ref : 7964

Dimensions:
95 x 75 x 30 mm

Power supply included

VGA (or YUV) to HDMI Converter

Allows to play an audio-video signal from a computer source (VGA) or from an analogue component (YUV) on a flat screen TV (HDMI).

Compliant: Pc and Mac

Do not throw away your favorite multimedia components:

- Play multi-source components: VGA or YUV on your flat screen TV
- Enjoy video and audio separately on your Home Cinema equipment

Inputs :

- 1 VGA (15 pin)
 - 2 RCA stereo
- With manual switch (VGA / YUV)
- Output : 1 HDMI

3 RCA (YUV) Male / VGA Male cable - 1 m
2 RCA stereo Male / Male cable - 1.20 m

ref : 7952

Dimensions:
88 x 70 x 20 mm

Power supply included

RVB-YUV to HDMI Converter

Allows to play an analogue component (RVB or YUV) on a flat screen TV.

- Do not throw away your favorite multimedia components:**
- Play your analogue components: RVB or YUV on your flat screen TV
 - Turn 2 coaxial signals (video + audio) into 1 HDMI signal

Inputs :
- 3 RCA (RVB-YUV)
- 1 RCA coaxial

Output :
1 HDMI Gold plated connections

ref: 7848

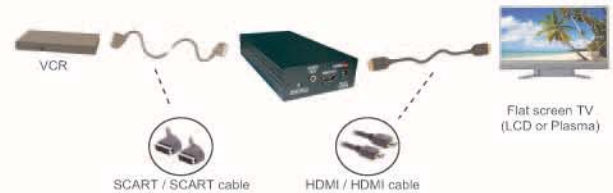

Dimensions :
88 x 70 x 20 mm

Power supply included

SCART to HDMI (720p) Scaler

Allows to convert analogue signal (SCART) to digital signal (HDMI). Automatically enhance the resolution of an analogue component (576p) to an HD Ready (720p) resolution. In other words, a 25% gain in picture quality.

- A new life for your favorite multimedia components:**
- Using an analogue source, you can now enjoy an HD Ready resolution
 - Turn your favorite video tapes and family movies into HD video files
 - Play audio and video separately to get an optimal restitution

Resolution	Synchronization	Input	Output
+25% From 576p To 720p	Automatic	SCART	HDMI + 3.5mm stereo

Input : 1 SCART
Outputs : 1 HDMI + 1 x 3.5 mm stereo
Adjustable frequency : 50 / 60 Hz

ref: 7847

Dimensions :
145 x 75 x 30 mm
Power supply included

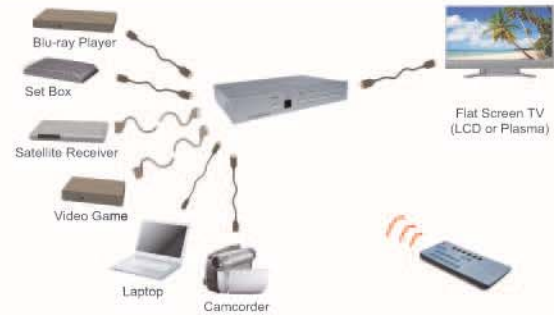

6 to 1 Switcher (SCART to HDMI Scaler)

Allows to switch between multi-source signals to a flat screen TV or a video-projector, automatically or using the IR remote control. Enhance automatically the resolution of an analogue component (576p) to a HD Ready (720p) resolution.

No more need to plug and unplug your multimedia components:

- Using an analogue source, you can now enjoy an HD Ready resolution
- Turn your favorite video tapes and family movies into HD video files
- Plug all your multi-source components to the same switch box
- 5 features to adjust (brightness, contrast, colour, tint, sharpness)
- Switch components from a distance with the IR remote control

Inputs :
 - 2 SCART
 - 2 HDMI
 - 1 RCA video coaxial + 3.5 mm stereo
 - 1 S-Video + 3.5 mm stereo

Output :
 1 HDMI

Cables included :
 - S-Video (4 pin) Male / Male - 1.20 m
 - 3.5 mm Male / 2 RCA Male - 1.20 m
 - 1 RCA video coaxial Male / Male - 1.20 m

ref : 7988

Dimensions :
 275 x 180 x 40 mm

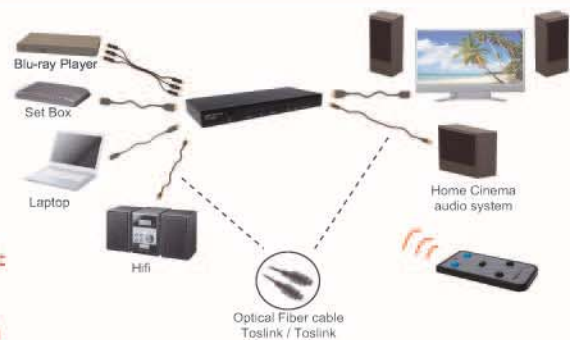

Included:
 IR Remote control
 + Power supply

8 to 1 Switcher (YUV to HDMI Converter)

Allows to switch between multi-source signals to a flat screen TV or a video-projector, automatically or using the remote control.

No more need to plug and unplug your multimedia components:

- Plug all your multi-source components to the same switch box
- Optimize the restitution of digital sound on your Home Cinema system
- Switch components from a distance with the IR remote control

Inputs :
 - 3 RCA (YUV)
 - 1 DVI
 - 1 HDMI
 - 2 RCA stereo
 - 1 Optical Fiber

Outputs :
 - 1 HDMI
 - 1 Optical Fiber

ref : 7989

Dimensions :
 260 x 110 x 25 mm

Included:
 IR remote control
 + Power supply
